One.
SALVATION
(Instrumental)

Two.
OH LORD

Oh Lord won't you save me
Save me from my soul
Oh lord won't you forgive me
For I have lost control

Oh Lord won't you tell me
am I the righteous or the damned
Oh Lord won't you please hear me
Do I obey or do I command

Oh Lord can't you save me
from my twisted little mind
Oh Lord won't you please show me
how to turn the water to wine

Oh Lord won't you show me
Am I the sinner - or the saint
Oh Lord won't you please tell me
was all my suffering in vain

Oh God have mercy on me
Oh God have mercy on me
Hold me down under holy water
I fear I been laying with the devil
I been laying with the devil

Oh Lord please forgive me
for what I'm about to do
Oh Lord won't you believe me
I burn in hell for you

Oh Lord won't you teach me
teach me how to see
Oh Lord tell me you love me
am I Lilith or am I Eve

Oh God have mercy on me
Oh God have mercy on me
Hold me down under holy water
I fear I been laying with the devil
I been laying with the devil

**BLACK
WEDDING**
feat. Rob Halford

Priest are you there can you hear my voice
Do you hear my prayers are you out there
Forgive me priest for I have sinned
I know not what I do
Mother I am here I can hear your song
I can feel your fear HE'S done you wrong
Temptation fed HIS own desires
in THE ring of fire in my ring of fire
tonight

I would have loved you for a thousand years
I would have died for you
I would have sacrificed it all my dear
I would have bled for you
til death do us part
you were unholy right from the start
It's a nice night for a black wedding
It's a nice night for a black wedding

I heard your cry and I just knew
I never meant to forsake you
Mother there's no reason to repent
you know not what you do
I heard the bells and I just knew
an angel once now a ghost of you
deliver me from my own desires
from my ring of fire - from my ring of fire
tonight

I would have loved you for a thousand years
I would have died for you
I would have sacrificed it all my dear
I would have bled for you
til death do us part
you were unholy right from the start
It's a nice night for a black wedding
It's a nice night for a black wedding

Four.
**IN THE
AIR TONIGHT**

I can feel it coming in the air tonight, oh Lord
And I've been waiting for this moment for all my life, oh Lord
Can you feel it coming in the air tonight, oh Lord, oh Lord

Well if you told me you were drowning, I would not lend a hand
I've seen your face before my friend, but I don't know if you know who I am
Well I was there and I saw what you did, I saw it with my own two eyes
So you can wipe off that grin, I know where you've been
It's all been a pack of lies

And I can feel it coming in the air tonight, oh Lord
Well I've been waiting for this moment for all my life, oh Lord
I can feel it coming in the air tonight, oh Lord
Well I've been waiting for this moment for all my life, oh Lord, oh Lord

Well I remember, I remember, don't worry, how could I ever forget
It's the first time, the last time we ever met
But I know the reason why you keep your silence up, oh no you don't fool me
Well the hurt doesn't show, but the pain still grows
It's no stranger to you and me

I can feel it coming in the air tonight, oh Lord
Well been waiting for this moment for all my life, oh Lord
I can feel it in the air tonight, oh Lord, oh Lord
Well I've been waiting for this moment for all my life, oh Lord
I can feel it coming in the air tonight, oh Lord
And I've been waiting for this moment for all my life, oh Lord
I can feel it in the air tonight, oh Lord, oh Lord, oh Lord
Well I've been waiting for this moment for all my life, oh Lord, oh Lord
I can feel it in the air tonight, oh Lord, oh Lord, oh Lord, oh Lord
Well I've been waiting for this moment for all my life, oh Lord, oh Lord, oh Lord

Five.
JOAN OF ARC

You keep pushing me right to the edge
You are sanctified and I'm just a mess
And you blame me for, blame me for everything you hate
and you wage your wars no matter what I give you always take
[God what have I done]

You can crucify - you can nail me to your cross [light me up]
You can find me guilty for everything you've lost
Go ahead blame me for your sins
Go ahead and sacrifice me
Make me your martyr
I'll be your Joan of Arc
Burn

You want to satisfy your high command
You want to touch my face with your dirty hands
So you blame me for, you blame me for the madness you
create
and I wage my war cause either way you'll burn me at the stake
[God what have I done]

You can crucify - you can nail me to your cross [light me up]
You can find me guilty for everything you've lost
Go ahead blame me for your sins
Go ahead and sacrifice me
Make me your martyr
I'll be your Joan of Arc
Burn

Six.
RIVER OF FIRE

Let it rain
Let it rain
Oh won't you let it rain
Let the storm rage
Let the water run higher
Let it rain
Let it rain
Oh won't you let it rain
Baptized in a river of fire

The storm's here
I'm so high
thunder's calling me -
I'm going outside

The sky cracks
the wind stings
I want to feel you strike me
down with lightning

Let it rain
Let it rain
Oh won't you let it rain
Let the storm rage
Let the water run higher
Let it rain
Let it rain
Oh won't you let it rain
Baptized in a river of fire

Let the storm rage
Let the water run higher

Baptize me in a river of fire

I cry out
For glory
I wanna drown in your
wrath and fury

I feel your need
I taste your pain
Show me what you got -
Bring on the hurricane

Let it rain
Let it rain
Oh won't you let it rain
Let the storm rage
Let the water run higher
Let it rain
Let it rain
Oh won't you let it rain
Baptized in a river of fire

Let the storm rage
Let the water run higher

Baptize me in a river of fire

WITCHING HOUR

I can see the way you look at me
You can't see beyond the veil
I can tell the way you run from me
I'm not your perfect fairy tale

Watch me burn
Can you feel me
Watch as I turn
What do you see

and I am:
Conflicted by your hurt
So let me share your pain
Convicted for my church
I was born in flames
Addicted to my fate
Watch as I devour
Convicted for my faith
This is the Witching Hour
This is the Witching Hour

Don't you see the way I look at you
I can see behind your eyes
and can't you tell the way I reach
for you
I wear my halo in disguise

I watch you burn
I can feel you
I watch as you turn

What did you do

and I am:
Conflicted by your hurt
So let me share your pain
Convicted for my church
I was born in flames
Addicted to my fate
Watch as I devour
Convicted for my faith
This is the Witching Hour
This is the Witching Hour

You must burn for what you have done
You must burn for what you have done
You must burn for what you've become
You must burn

Conflicted by your hurt
So let me share your pain
Convicted for my church
I was born in flames
Addicted to my fate
Watch as I devour
Convicted for my faith
This is the Witching Hour
This is the Witching Hour

TWIN FLAMES

Baby watch as I step into flames for you
Baby watch me combust and explode for you
Baby watch as I burn
Baby watch as I burn for you
one last time

We were on fire
a frequency of me and you
we were on fire
One flame bursting into two
We were on fire
We watched the whole world burn away
We were on fire
I was you and baby you were me
You crawled into these flames with me

so watch me dance
and watch me fly
For you, one last show my dear
in the purple
Baby watch as I crawl
Baby watch as I crawl away
from you one last time

We were on fire
a frequency of me and you
we were on fire
One flame bursting into two
We were on fire
We watched the whole world burn away
We were on fire
I was you and baby you were me

We were on fire
I was you and baby you were me
Crawl into these flames with me

Nine.

HALF GOD HALF DEVIL

You look to me like I'm a revelation
You wanna know if I can bring salvation
You saw a sinner - saw a saint inside of me
You wanna know if I'm a friend or an enemy

I waged war in a fiery blaze
I found peace in a purple haze
My angels and my demons
they don't know their place
Ready or not
they're gonna come out and play

I can be your heavenly or I can be your hell
I can say a prayer for you or I can cast a spell
I push you to the darkness just to pull you to the light
Cause I can take away your breath or I can bring you back to life
Half God Half Devil

I won't pretend that I resist temptation
I think it's funny when you preach damnation
I've been to hell and back and now it's just a part of me
without the darkness there'd be no light in me

I waged war in a fiery blaze
I found peace in a purple haze
My angels and my demons
they don't know their place
Ready or not
they're gonna come out and play

I can be your heavenly or I can be your hell
I can say a prayer for you or I can cast a spell
I push you to the darkness just to pull you to the light
Cause I can take away your breath or I can bring you back to life
Half God half Devil

Ten.

NO ME IMPORTA

Baby I'm sick inside
I'm definitely out of my mind
I know there's something not quite right
Disconnect - system override

You're so brave from your side of the glass
and you - you can't compute - you can't do the math
and you're - you're playing god with your remote control
But I - already know that there's a flaw in my code and the
the truth is you silently study me -
and there - are consequences that you cannot see
and you ask yourself how did I unplug
but the simple truth is that I just don't give a fuck

I don't care

you say you're the cure
but I smell your disease
I've figured you out
like a rat in a cage

So come in - tie me down - try and reprogram me
please run your tests - tell me how I am malfunctioning
you cut me up sew me back together one more time
I'm not in sync, data breach - can't bring me back online
You start to panic when you realize - you try to
shut me down when you look in my eyes no matter
how you try and rewire me
or psychoanalyze my psychology

I don't care

you say you're the cure
but I smell your disease
I've figured you out
like a rat in a cage

You put away your needles and knives
tell me do you feel satisfied
Did you get what you came here for
I can tell you still want more

Did you get everything you need
Are you finished watching me bleed
Did you think you could just walk away
Did you think I'd just let you leave

Maybe you didn't think I would know
Maybe you didn't think I would see
cause I'll never give what you want
I learned the truth a long time ago
I would die before I

I don't care

Don't tell me you're pure
as you spread like a plague
I've figured it out
you're the rat

Rat in the Cage

ROOTS

I thank you for all the lives you've led
I thank you for every word you said
I thank you for walking away

I thank you for the promises you broke
for always watching watching while I choke
I thank you for teaching me
Yes I thank you for your hurting

I bite down a little harder
My blade's a little sharper
my roots my roots
run deep into the hollow
Strike back a little harder
I scream a little louder
my roots my roots
run deep into the hollow
I'm stronger than I ever knew
I'm strong because of you
I hit back a little harder
Fuck you a little harder
my roots my roots
run deep into the hollow

I thank you for the hole you dug in me
Filled it with cement sunk me in your sea
Thank you for being so obscene

I thank you for never facing me
swimming in the mud, never coming clean
I thank you for nothing in between

Yes I thank you for leaving

I bite down a little harder
My blade's a little sharper

my roots my roots
run deep into the hollow
Strike back a little harder
I scream a little louder
my roots my roots
run deep into the hollow
I'm stronger than I ever knew
I'm strong because of you
I hit back a little harder
Fuck you a little harder
my roots my roots
run deep into the hollow

You wanna know why I like the pain you say
there's some sick part of me thankful for the hate
I stay positive and I push forward ya see
I gotta do the right thing for my family
so I smile and say that the world is just fine
as these fuckin parasites eat up my spine
so I ask you once and I ask you again
where do your roots start and where do your roots end

I bite down a little harder
My blade's a little sharper
my roots my roots
run deep into the hollow
Strike back a little harder
I scream a little louder
my roots my roots
run deep into the hollow
I'm stronger than I ever knew
I'm strong because of you
I hit back a little harder
Fuck you a little harder
my roots my roots
run deep into the hollow

LAY YOUR GUN DOWN

What have I gone and fucked up again this time?
How did I become my own demise?
All these twisted little parts of me
Afraid of losing everything
so I, I pulled the trigger and I fired away
I pulled the trigger and I fired away

Can you still hear my voice from afar?
Your dead flowers are still hanging on my walls
I felt God when you were near
For once everything seemed so clear
Until you
You pulled the trigger and you fired away
You pulled the trigger and you fired away

The shot you took was overdue
It's a good thing I am made of scar tissue

You pulled the trigger and fired away
won't you lay your guns down.

won't you please lay your gun down
won't you lay your gun down

What have I gone and fucked up again this time
